## PROFESSIONAL SUMMARY

---

Software Developer with cloud experience in Azure, expanding into a full-stack role via Advanced Java. Successfully built and deployed a chatbot to solve a real-world problem and eager to contribute to a challenging development role.

## EDUCATION

---

**Bachelor of Technology**, Joginpally B. R. Engineering College 2022 - 2025  
Electronics and Communication Engineering.

**Diploma in ECE**, Mahaveer Institution of Science and Technology 2019 - 2022

## SKILLS

---

<b>Languages</b>	HTML5, CSS3, JavaScript, Java, SQL
<b>Soft Skills</b>	Teamwork, Time Management, Multitasking
<b>Frameworks &amp; Tools</b>	Bootstrap, React.js, Tailwind CSS, Git, GitHub, Node.js, MongoDB Compass, Postman, Vercel, Netlify, Microsoft Azure, PowerBi
<b>Familiar With</b>	SDLC, Agile

## EXPERIENCE

---

**Microsoft Azure Cloud Computing** Jun 2024 - Aug 2024  
Embrizon Technologies *Internship*

- Deployed and managed web applications on Azure Virtual Machines, configured secure data storage using Blob Storage, hosted static webpage, and generated database reports with sample using PowerBi.

**Cloud Computing and AI** Jun 2024 - Jul 2024  
Edunet Foundation *Internship*

- Enhanced my skills in AI and Cloud during my 4-week internship with Edunet Foundation in partnership with AICTE using Skills Build & IBM Cloud Platform.

## PROJECTS

---

**Edunet Foundation:-** Identified a key student pain point "finding affordable accommodation" and developed a user-centric chatbot to solve it. This project demonstrates my ability to understand a target audience's needs and build a technology-based solution. PROJECT LINK:- [StayFinder Chatbot](#). Deployed the chatbot on whatsapp using Twilio!

**Web Technologies:-** Cloned 15+ webpages like [Spotify](#), [Netflix](#), [Ray Romano](#), [Zoho](#) and built React projects like [Feane](#), [Mercede-Benz](#), [Yay Koffee \(Routing\)](#). [JS e-commerce platform](#), [React Bootcamp website](#) (CRUD operations).

## EXTRA-CURRICULAR ACTIVITIES

---

- NCC "C" certificate holder.

Vigorously trained in discipline, teamwork, and leadership. Actively participated in drills and public events, developing strong public speaking and coordination skills.

## COURSES AND CERTIFICATES

---

- Participated in online workshop on use of AI in IOT and embedded systems organized by Symbiosis Institute.
- Currently ongoing with Java Fullstack Development in Jspiders
